SOUTHCO'S NEW MINI SLIDE LATCH DELIVERS SECURE LATCHING FOR LIMITED SPACE APPLICATIONS

CONCORDVILLE, Pa., November 20, 2018 — Southco, Inc., a global leader in engineered access solutions, has expanded its line of A3 Slide Latches with a new version that is 35% shorter than Southco's smallest A3 product series, providing reliable performance for applications where space is at a premium. The mini A3 Slide Latch is suitable for the smallest applications including rack-mount servers, automotive storage panels and general enclosures.

Southco's A3 Mini Slide Latch provides intuitive slide-to-open and push-to-close operation, ensuring reliable performance throughout the product life cycle. This durable molded-plastic latch is designed with corrosion-resistant materials to meet UL94-HB or UL94-V0 flammability requirements. The mini A3 Slide Latch features simple snap-in installation and is available in two panel thickness options, offering a dependable solution for a wide range of application requirements.

"The A3 Mini Slide Latch provides a cost-effective solution for small enclosures that is both easy to install and simple to use. The newest addition to Southco's push-to-close line offers durable performance and intuitive operation, providing a valuable extension to the A3 product family," said Global Product Manager Cynthia Bart.

For more information about the functionality of Southco's A3 Slide Latches, please visit www.southco.com, email the 24/7 customer service department at southco.com/contact/en, call 610-459-4000 or fax your inquiry to 610-459-4012.
