## **NEW RFID ACCESS CONTROLLER FROM SOUTHCO SIMPLIFIES ELECTRONIC ACCESS CONTROL**

**Concordville, PA, October 05, 2017** — Southco has expanded its line of electronic access solutions with an access controller that simplifies the integration of keyless access into equipment level applications. Southco’s EA-P3 High Frequency RFID Access Controller facilitates electronic credential management without having to connect to a network, or install additional hardware or software.

Southco’s EA-P3 High Frequency RFID Access Controller enables electronic access control using contactless smart cards and is simple to install, set up and operate. Convenient and secure, the EA-P3 accepts MIFARE® contactless smart cards, incorporates an integrated LED that provides visual feedback of card acceptance and includes an adjustable door release timer. Additionally, the EA-P3 High Frequency RFID Access Controller is compatible with existing credentials for use with building access control.

Global Product Manager Sonny Van Ngo adds, “The EA-P3 High Frequency RFID Access Controller provides simplified and affordable access control for remotely controlling electronic locking solutions. The controller accepts MIFARE® contactless smart cards for higher security, and is designed for quick, easy installation and use.”

For more information about the functionality of Southco’s Electronic Access Controllers, please visit [www.southco.com](http://www.southco.com), e-mail the 24/7 customer service department at [info@southco.com](mailto:info@southco.com), call 610-459-4000 or fax your inquiry to 610-459-4012.

Southco is a leading global provider of engineered access solutions, including latches, locks, captive fasteners, hinges, handles, and other accessories for applications in the marine, networking,

telecommunications, computer, automotive, aerospace, mass transit, off-highway/construction, RV/caravan, industrial machinery and HVAC industries.

Southco is strongly focused on customized engineering solutions and global support for its key customers. The company aspires to be a virtual engineering center for its customers' engineered-access solutions and is committed to providing outstanding quality and overall satisfaction. Southco's promise to its customers is to connect, create and innovate to provide the best solution for every access engineering problem.
