

NEW COMPACT ROTARY LATCH SERIES FROM SOUTHCO FEATURES INTEGRATED BRACKET FOR SIMPLIFIED INSTALLATION

CONCORDVILLE, Pa., August 1, 2017 — Southco, Inc., a global leader in engineered access solutions, has recently expanded its successful line of rotary latching solutions with the launch of the R4-10 Rotary Latch with Integrated Bracket. The newest addition to the R4-10 Rotary Latch series features an integrated cable mounting bracket, eliminating the need for secondary components during installation.

The integrated bracket design of Southco's newest rotary latch offers an economical solution for rotary system installation for a variety of applications across industries including Off-Highway, Marine and Industrial Machinery. The compact, R4-10 with Integrated Bracket occupies minimal space within the enclosure, providing concealed latching and increased security.

Constructed of corrosion-resistant steel or stainless steel, these latches are available with an integrated bumper feature, and single or two-stage latching. R4 Rotary Latches can be combined with Southco's line of mechanical and electronic actuators and cables for a complete rotary latching system.

Global Product Manager Cynthia Bart adds, "The integrated bracket design of Southco's newest rotary latch simplifies rotary system installation and provides economical remote actuation across various industry applications." For more information about Southco's complete line of R4 Rotary Latch solutions, please visit www.southco.com, e-mail the 24/7 customer service department at southco.com/contact/en, call 610-459-4000 or fax your inquiry to 610-459-4012.

Southco is the leading and trusted global source for engineered access hardware solutions, including a variety of latches, locks, captive fasteners, quick access fasteners, hinges, handles, inserts, electronic access solutions, and other accessories for applications in the networking, telecommunications, computer, automotive, aerospace, mass transit, off-highway/construction, RV/caravan, industrial machinery, marine and HVAC industries.

Southco is passionately focused on delivering customized engineering solutions and global support for its customers. The company aspires to be a virtual engineering center for its customers' engineered access solutions and is committed to providing outstanding quality and overall satisfaction. Southco's promise to its customers is to connect, create and innovate to provide the best solution for every access engineering problem. www.southco.com
